

## **ENGINEER (Natural Gas)**

The Energy Cooperative, headquartered in Newark, Ohio, serves over 60,000 electric, gas and propane members in 11 counties throughout central and southern Ohio. As a non-profit cooperative, we are member-owned and controlled by the members we serve. We are committed to serving our members safe, high quality energy services at a reasonable price.

We are currently looking for a qualified individual to fill the position of Engineer. This position will assist in the technical planning, operations and compliance areas for the natural gas utility division.

Bachelor's degree in a related engineering field is required. A minimum of five years diversified work experience in the natural gas industry, supplemented by supervisory experience is preferred. Strong computer skills and proficiency in Micro-station, AutoCAD, Microsoft Office products and other technically oriented software is required. Must have a working knowledge of DOT Pipeline Safety Regulations and related codes, PUCO, and OSHA regulations relating to the gas utility businesses. This individual must also have a thorough understanding of the National Fuel Gas Code and gas measurement standards.

The Energy Cooperative offers an attractive compensation and benefits package including medical, dental, life, disability, retirement, 401(K) and paid-time off. Qualified applicants should submit a resume and cover letter along with salary requirements to: The Energy Cooperative, Human Resources Dept., P.O. Box 4970, Newark, OH 43058-4970, or via fax at 740-348-1133, or at: [hr@theenergycoop.com](mailto:hr@theenergycoop.com).
